06/2023

Bachelor of Business Administration | NATIONAL UNIVERSITY, SAN DIEGO, CA

EXPERIENCE

UX Design Student Projects

08/2022–06/2023

GOOGLE, MOUNTAIN VIEW, CA

Outdoor Wedding Venue

- Designed an app to search for and acquire various outdoor wedding venues for couples.
- Conducted user research, wireframing, prototyping, and iterating on designs using Figma, Jamboard, Photoshop, GIMP, and Notion.
- Found that users wanted to search not only by venue but also by location, identifying the need to use both graphics and text for navigation, self-educated in HOT Mapping.

Donation Portal

- Designed a responsive website portal for vetted nonprofits to make one time or repeat donations.
- Executed user research, wireframing, prototyping, and iterating on designs using Adobe XD, Photoshop, Keep, Notion, Github, and XnSoft.
- Created the hierarchy to describe vetted nonprofits' cause, goals, and status and persisted through the challenges of multiple iterations.

UI/UX Designer | Technical Consultant

12/2010–present

KEVIN CLONEY SERVICES, LAS VEGAS, NV (REMOTE)

Onsite and remote support for dental, legal, and retail businesses in New Mexico, Texas, Colorado, and Nevada

- Oversaw 100+ network installations and successfully maintained 300+ networks across the Southwest, achieving an outstanding uptime record of over 99%.
- Designed and implemented custom Customer Relationship Management (CRM) software solutions, resulting in a remarkable increase of over 45% in productivity and sales for clients.
- Created and delivered virtualized solutions for various applications, including remote work video conferencing, websites, voice recognition, digital radiography, backup/server solutions, and high-speed interfaces.
